## Welcome to Passau!

9TH EUROPEAN CONFERENCE OF TROPICAL ECOLOGY (ECTE)  
37TH ANNUAL MEETING OF THE SOCIETY FOR TROPICAL ECOLOGY (gtoc)  
“SPECIES – ECOSYSTEMS – PEOPLE”  
23 – 27 February 2026

On behalf of the entire organising team, we are delighted to welcome you to the 9th European Conference of Tropical Ecology at the University of Passau!

This year's conference has its focus on the diverse interactions between species, ecosystems and people that take place at different spatial and temporal scales. In line with this theme, the conference offers an interdisciplinary perspective on tropical ecology spanning from purely ecological topics to issues such as the sustainable use, conservation and restoration of tropical ecosystems. We are very pleased to count 237 participants from 31 countries, as well as 175 oral presentations and 42 posters across 17 thematic sessions. This variety of participants and contributions promises an inspiring week full of new insights and valuable exchange.

We want to extend our sincere thanks to the session chairs and the Scientific Committee for their support in creating such an exciting programme. Moreover, we thank our six main speakers for their invaluable contribution to this conference: Dr. Bea Maas holds the public Elisabeth Kalko Memorial Lecture, while Prof. Alexandre Antonelli, Dr. Maria Fungomeli, Dr. Viola Heinrich, Prof. Rob Marchant and Dr. Alfredo Romero-Muñoz contribute keynote lectures throughout the conference. We also gratefully acknowledge the German Research Foundation (DFG) for providing funding, as well as sponsoring by the University of Passau, the Faculty of Social and Educational Sciences and further partners.

Lastly, we thank you for joining us in Passau this week. We hope you enjoy your time here and take the opportunity to explore the city's rich cultural heritage, its beautiful riverside atmosphere, and the surrounding landscapes. Have a productive and memorable conference, and many rewarding conversations with colleagues old and new.

Welcome to the ECTE 2026 – and welcome to Passau!
